MIDSTATE METAL DETECTOR CLUB NEWSLETTER

Volume No. 10

Issue No. 6

June 2010

PRESIDENTS CORNER:

Let's see a show of hands. How many of you want our club to put on the best hunt possible this year at our National Hunt in July? I bet everybody's hand went up. Now here is a second question for you: Are you willing to step up and do everything possible to make this year's National Hunt in July the best hunt possible? Please tell me your hand went up. Our National Hunt does not run itself and cannot be done without extensive help from our club members. There have already been countless hours put in to buy coins, create the hunt flyer plus send it out, contact people and businesses for donations, scouting a new hunt field, contacting the new campground to finalize details and a host of other tasks that will make our National Hunt run smoothly. However, most of the work is still to come. We need people to de-trash the hunt field, set up the hunt fields, plant coins, help with registrations, set up our tents, haul the trailer to the hunt field and then set it up, help with our club raffles, clean up everything after the hunt is done, and many other jobs and tasks that make our hunt appear to run smoothly year after year. We know many of you have done the same tasks in previous years and we are hoping you are willing to do that task again this year. We love it when you step up to the plate to take on these important tasks! We are also hoping some of you will step up and do a little extra this year. If you are willing to help out in any way, I can tell you now that your help will be appreciated. Remember, more hands make the tasks easier for everyone. Also, if you are willing to donate to our Kid's Hunt, Night Hunt, Merchandise Raffle or in any other way, our club thanks you for your generous donations. Finally, for club members that are planning to participate at our hunt, we would like all of you to register at the June meeting if possible. This will help us get a better idea of the number of participants for this year's hunt. By the way, when I asked the two questions at the beginning of this President's corner, my hand went up for both questions. Did yours?. Kent

Next Meeting June 16th, 2010 – 7PM

Dean Wisniewski - cell phone.

Old Business:

1. Vanderhoef looked into a different type of awning on sale 120.00 10x20, rather than a roll up for the trailer. Side currents for the other canopies for the raffle tent 20x7 90.00 8 legs, 80.00 for the 6 legs. Also that we need to paint the tower. We need volunteers for that task.

Kent said that we could get an easy up for 99.00.

All approved for the awnings for easy up, approved for three of them. Kent Kehus will be the one in charge of purchasing these. The size hopefully will be 12x12.

The price of silver is up, the club will buy for 13x face value. We bought 1000.00 worth of dimes so far.

Larry Vanderhoef asked if it was appropriate to pass the bag around at our annual hunt and Kent said, yes. (I can't remember what this was about) I think it maybe for FMADC, lobbyist.

Rick Gremler wasn't here so we don't know about a club hunt at TNT riders land in Spencer. Steve Miller is going to check about cleaning up at the campground so bring your metal detectors, as our spring hunt.

Larry Vanderhoef said bring in pictures that you took at last years annual hunt to make collages.

New Business

Info on the archeology clubs, FMDAC. Kent passed out cards to the people that became members. We have about 15 people who signed up for the annual hunt. Ranging from Nebraska, Florida, Illinois, Minnesota, Wisconsin and many more.

Annual hunt is coming up soon, please bring in your donations for the kids hunt.

Steve Miller heard from Garrett and they donated a detector, Outdoor Detectors are donating. But, there still will be about 10-12 detectors donated again.

Remember if you are camping there, **there will be NO detecting in the campground.**

If you are going to plant you can't hunt.

Laws for and regulations for metal detecting; 30 members against and none for it.

How many people support the new legislation and the new amendment 5 for; 8 against and 6 apposed

Larry Vanderhoef is going to testify at the hearing at the Natural Resources Board in Lake Geneva.

Notice:

DO NOT FORGET, bring to the July 24 & 25 hunt for evaluation and possibly swapping for collector coins, Silver, Gold -- bring your:

- * Metal "Good For" tokens from any of 50 states and Canada
- * Old Dog (barking type) Tax/Tags (dated 1899 and older)
- * Advertising Watch FOB's
- * Older US paper money

I'll have a table set up at the hunt (for SAT and SUN) and also I'll be a guest speaker to the attendees during Saturday (most likely 5-6PM) about the following topics. I will bring along examples of each to show and pass around as well:

- * When, How and Why were "Good For" tokens, Watch FOBs and Dog Tax/Tags used ?
- * Look at samples of old paper money if you store them incorrectly .. you'll be amazed, so be sure to come and see.
- * Look at some counterfeit coins that are coming to the US in droves. I'll explain some ways to know what is real and what is counterfeit ? I'll show you some of my less popular "deals" that cost me dearly.

If you're unable to make the hunt or want to get to me before/after .. look below. I look forward to meeting all of you!
